CMDI is a small company that provides professional development in such areas as inclusive education, co-teaching, differentiated instruction, paraprofessional training and community building. CMDI also provides family coaching services. After earning her Bachelor's from SUNY at Geneseo and her Master's at SUNY at Stony Brook, Diane began her career as a speech therapist. She worked in both inclusive and segregated settings with people of all ages and ability levels. Without question, Diane has found her true passion collaborating with teachers, administrators and families.

DSAF workshops are funded through a grant from Office of Persons with Developmental Disabilities (OPWDD). In order for us to maintain this funding, and continue supporting families, we need to clearly show that we are serving families who currently have TABS numbers and have Family Support Services (FSS). Thus, if you applied for and received a TAB number through OPWDD, we will be asking you for that information when you attend our grant sponsored events.

Thank you for your support!
