

# FEBRUARY WEBINAR

## YES IT IS TIME! TIPS FOR ADDRESSING YOUR CHILD'S SEXUALITY

THURSDAY, FEBRUARY 5

7-9 PM ET

ZOOM

Do you feel that people with Down syndrome are often left out of the conversation about sexuality? Our loved ones with Down syndrome are sexual beings that need information and skills for making healthy decisions about sexuality.

Join Randy Young for this introductory workshop adapted with materials developed by Elevatus that will help you become more comfortable talking about this sensitive topic. Also, learn about STEPS2, a research study offering free health education classes for young adults (ages 16-27) and working to evaluate and improve health education for people with I/DD.

DSAF workshops are funded through a grant from Office of Persons with Developmental Disabilities (OPWDD). In order for us to maintain this funding, and continue supporting families, we need to clearly show that we are serving families who currently have TABS numbers and have Family Support Services (FSS). Thus, if you reside in NYS and you applied for and received a TAB number through OPWDD, we will be asking you for that information when you attend our grant sponsored events.
